Example of use of IndoorGML plugin for JOSM

96th OGC Technical Committee

Nottingham, UK

Nicola Dorigatti (Trilogis Srl)

15 September 2015

Agenda

- Context project
- Context application
- Plugin presentation
- Live demo

Context Project

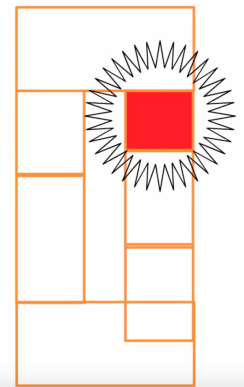

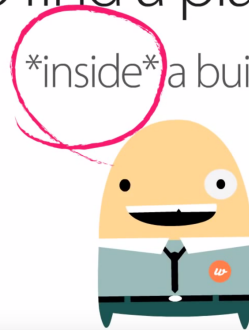

www.i-locate.eu

- Delivering Indoor & Outdoor Location Based Services

Have you ever had trouble

to find a place

inside a building?

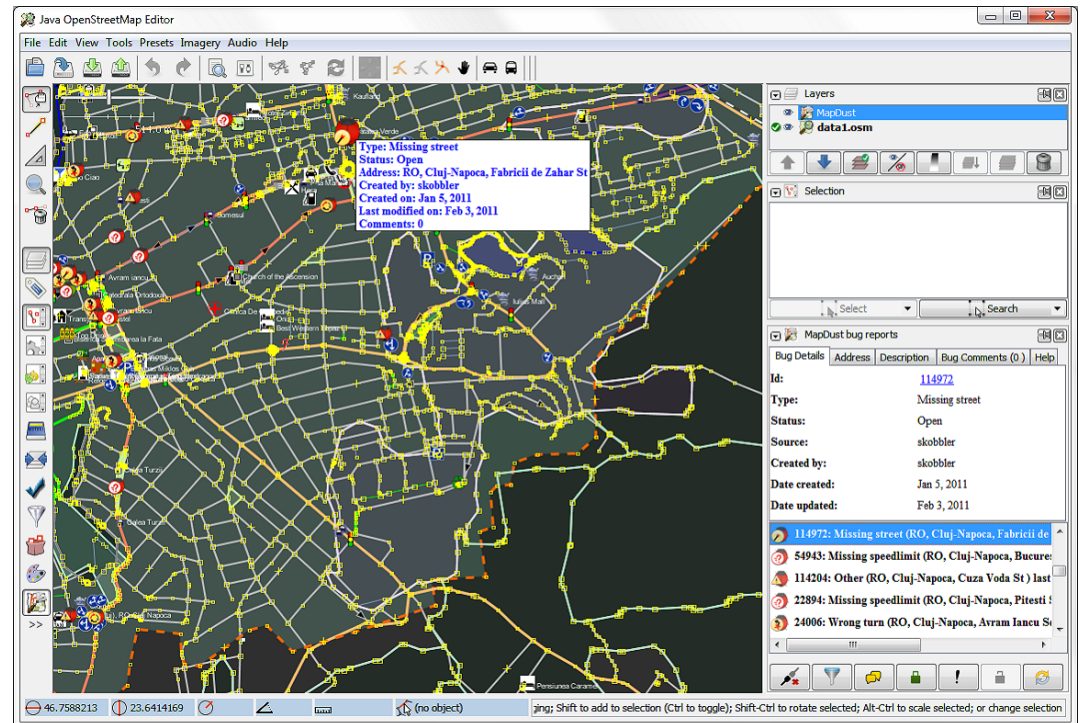

Context Application

- JOSM (josm.openstreetmap.de)
- Java Implementation for OpenStreetMap (OSM)

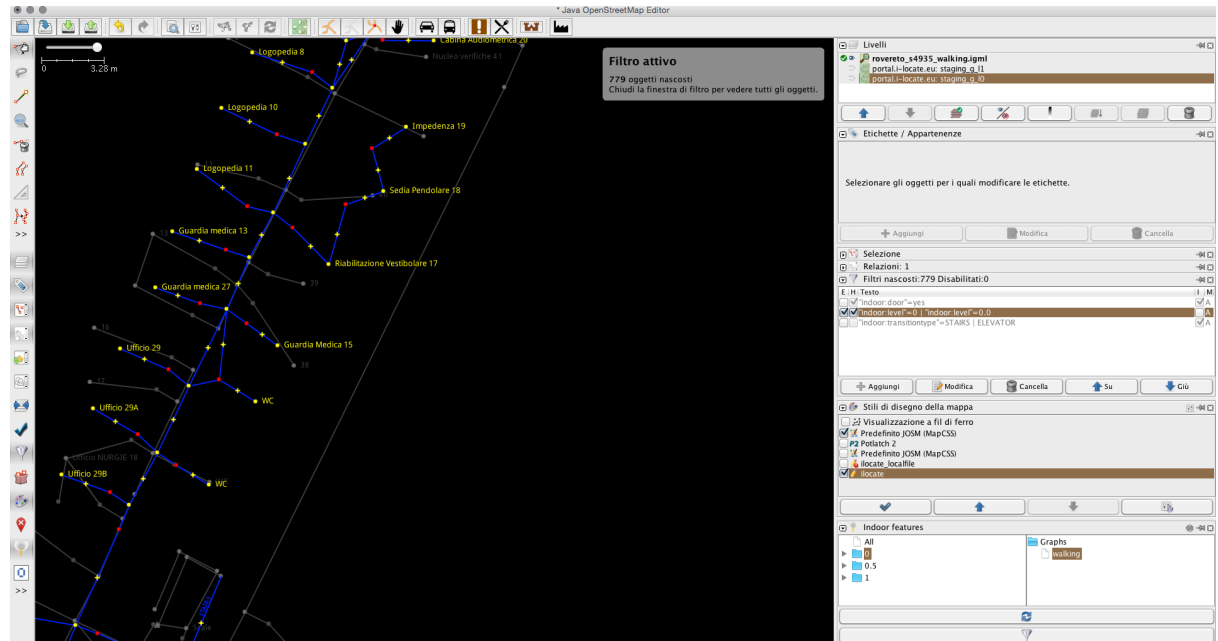

- Open Source
- Allows plugins
- Runs 'everywhere'

IndoorGML JOSM Plug-in

- Automatically imports IndoorGML files
- Supports filtering and theming
- Allows editing and export (beta)

Live Demo
